7 reasons why it works

Patients love it

Designed by plastic surgery industry experts — by women, for women. These videos engage visitors to learn more about the procedure they are interested in and increase calls to your practice.

Current

Highly regarded and accepted by the medical community. New procedures and updates made twice a year.

Personalized

You choose just the procedures you want to feature. Branded with your logo and colors.

Follow up

Include a direct link to the procedure in your e-mail response to a patient inquiry.

Relative to viewers

Information on how the surgery is performed is typically the second most visited topic on a plastic surgeon's website.

View anytime

Available to patients 24/7.

Robust reports using Google Analytics

Proven to keep visitors on your website. Reports include most popular procedures, amount of time viewers spend watching the videos and more!

what our clients say...

“ **REVENEZ IS SO EASY TO USE.** I just added a button and a link wherever I wanted to make the video available. The feedback I have received from my patients is that the [videos] **PROVIDE VALUABLE INFORMATION WITHOUT BEING OVERWHELMING.** ”
